

Hello, I am Dr. David Argo. Over the past few years I have met so many of you in our Western Hills and Batesville offices, but there are a number of you I have not met. Whether I am covering the Cincinnati Cyclones games or standing on the sidelines of your area high schools, I would like to take this opportunity to say thank you. If you are not a current Beacon patient, and I can help with orthopaedic or sports medicine questions, pick up the phone, call me at 513-354-3700, or contact us using this web site. My partners and I take care of the Cincinnati Reds, Xavier University and College of Mt St Joseph in addition to area high schools. Our teamwork is like no other in the city with board certified specialists fellowship trained physicians and surgeons who will treat your team with the highest respect. We are here to help you and your family.
